TEN CENTS A WEEK

MILITARY AND NAVY EXPENSES

Would Be Increased Under the Plans of Administration

EUROPEAN WAR'S LESSONS BORNE CLOSELY IN MIND BY

PROVIDING SUBMARINES

In Greater Numbers Than That of Any Other Type of Craft—Secretary Daniels Expected to Outline Final Naval Program Before Bill is Reported.

ASSOCIATED PRESS TELEGRAM
Washington, Dec. 7.—The nation's military and naval expenses during the next fiscal year, not including fixed expenses, would amount to \$250,421,357 compared with \$251,284,167 during the current year under plans of the administration embodied in estimates submitted to congress today.

This amount provides for the regular army, the military academy, the militia so far as its cost to the federal government is concerned, fortifications, armaments, military posts and the naval establishment, including the proposed naval building program and the increase in the navy heretofore authorized.

The tentative administration naval building program for the next fiscal year as indicated in the estimates is for two battleships, six torpedo boat destroyers, "eight or more submarines," one light or more gunboat, one of the submarines to be of the seagoing type and seven or more to be of the coast defense type. The hulls and outfits of these vessels alone would cost during the coming year almost ten million dollars and their arms and armament, \$9,425,000.

Democrat Underwood, some of the members of the naval committees and others in congress, having in mind the European war's lesson, favor an increase in submarines rather than in the type of naval craft. This sentiment is expected to be injected into debates during the present session. Tentative estimates for the naval program is all "on the assumption that new vessels to be authorized at this session will be built by contract." The final program will be outlined by Secretary Daniels just before the naval bill is reported to the house.

Submarine mines, an important factor in the European conflict, are provided. For purchase of mines and necessary appliances to operate them "for closing the channels leading to our principal seaports and for continuing torpedo experiments," an appropriation of \$191,350 is asked. There is also proposed \$68,000 for maintenance of submarine mine material and for torpedo depot administration in continental United States.

Congressional approval of the transfer of four 12-inch mortars and their carriages, valued at \$100,000, from fortifications in the United States, to the insular possessions is asked, together with an estimate of \$50,000 for purchase of submarine mines for closing channels to insular seaports, and \$10,000 for maintenance of submarine mine material there; \$17,000 for mining case mates and torpedo storehouses for Philippine defense and several small appropriations for Hawaii.

In the general scheme of fortifications, aggregating almost \$6,000,000, numerous increases are asked. For construction of gun and mortar carriages last year's appropriation is

(Continued on Page 7, Col. 5.)

Jury Members' Lives Thought To Be In Peril

ASSOCIATED PRESS TELEGRAM
Chicago, Dec. 7.—Measures to protect members of the grand jury that returned indictments against Captain John J. Halpin, deposed chief of the detective bureau; Lieut. John H. Tobin, and Walter O'Brien, a former detective, charging them with having accepted bribes, were taken today.

Letters threatening their lives have been received by three members of the grand jury, according to State Attorney Hoyne. The letters are in the possession of the state's attorney, who declined to make public the names of the jurymen. Telephone calls to their residences, carrying similar threats of death, also had been received by the men, the state's attorney said.

The state's attorney announced that he had obtained evidence against twenty-five more members of the detective bureau, which formerly was in Captain Halpin's charge, and that "police men were falling over themselves to confess in return for immunity."

Young Man Fatally Hurt, Sisters In an Automobile Crash, Going to Hospital

Charles P. Reilly, 30, of 70 Buena Vista street was seriously injured at the American Bottle Company, on Saturday afternoon at 3:30 o'clock when he was unable to rally from the shock of the accident and died at the Newark Sanitarium at 7 o'clock Saturday evening.

Mr. Reilly was an expert machinist employed at the American Bottle Company, and was assisting in unloading one of the large bottle machines from a car. The machine was gotten off the car, but one of the rails broke and it fell on Mr. Reilly, literally burying him beneath it. Criss Brothers ambulance was called, but was out on a call, and the Bazler & Bradley ambulance took him to the Newark Sanitarium. Drs. C. H. Stimson and J. P. H. Stedem attended him. Both arms were broken, the left leg was fractured, and he suffered several cuts about the head; but death was probably due to the fact that the lungs were crushed.

The deceased was the son of Mr. and Mrs. Bernard Reilly of 70 Buena Vista street and was born August 27, 1884. During his school life he attended the St. Francis De Sales Parochial schools, and upon leaving school he was temporarily employed until he selected the machinist trade for his vocation. He finished his apprenticeship at the B. & O. and was employed there for a number of years. He was also employed in Danville, Ill., and in Livingston, Mont., until he took the position of expert machinist at the American Bottle Company.

He was a young man of extraordinary character and was a living exponent of the highest ideals of clean young manhood, which won for him the exalted esteem of all who knew him.

He was an honored and faithful member of the Newark Council Knights of Columbus. Of modest and unassuming pretensions, he was of deeply religious character and a devoted member of the Church of the Blessed Sacrament of East Newark, at which church the funeral will be held on Wednesday morning at 9 o'clock, the requiem mass being celebrated by the pastor, Rev. Charles H. A. Watterson.

The decedent is survived by his parents, four sisters, Misses Mame, Ella and Adelaide Reilly and Mrs. Charles F. Graff of North Fourth street, and one brother, Bernard Reilly.

SISTERS, HURRYING TO HOSPITAL, WERE HURLED FROM TAXICAB

On Saturday night as they were hurrying to the Newark Sanitarium to the bedside of their brother, Charles Reilly, who had been fatally injured, Mrs. Charles Graff and Miss Adelaide Reilly were painfully injured when they were thrown from a taxicab.

The taxicab, from the Sigler garage, was going west on Main street about 6 o'clock, when it collided with a machine from the Hess garage, which was crossing Main on Fifth street. The taxicab was overturned and the occupants were thrown out, but with assistance, were able to proceed to the Sanitarium, where their brother died at 7 o'clock.

Mrs. Graff was badly bruised about shoulders and arms and Miss Reilly was also slightly injured. The Hess machine was damaged as was the taxicab.

60-MILE GALE WHIPS COAST OF ATLANTIC

MARINES WARNED TO SEEK SAFETY, FROM MAINE TO NORTH CAROLINA.

Warship Ashore Near Ocean City, Md., Thought to Be of Foreign Fleet.

ASSOCIATED PRESS TELEGRAM
Washington, Dec. 7.—Steadily increasing in its intensity and moving slowly northward, a 60-mile gale which has been whipping the Atlantic coast since Saturday night was central today off the Virginia capes. Storm warnings were a-flutter from Hatteras, N. C., to Eastport, Me., advising mariners to seek safe harbor. The unknown warship reported ashore off the Delaware coast is believed, by naval department officials here to be one of a foreign fleet. The safe arrival of two American destroyers at Norfolk and a report from the captain of the battleship Kansas that he was riding out the storm off the Delaware capes disposed safely of all American war craft in the vicinity.

No American warship answering the description of the fighter reported ashore—four funnels and a fighting top—is anywhere near that vicinity.

Philly no word had come from the revenue cutter Itasca which put out yesterday from Norfolk to aid the stranger. Navy officials say that if the ship is one of the foreign belligerents, she probably is not using her wireless for fear of informing her enemies of her position.

The velocity of the gale last night touched the high records in some instances. At midnight the wind was blowing 72 miles an hour at Block Island; 60 at Nantucket; 60 at Sandy Hook; 36 at Atlantic City; 60 at Delaware breakwater; 36 at Norfolk, and 36 at Cape Hatteras. When the storm became central off the Virginia capes today, however, the wind velocity in the vicinity increased.

In Hampton Roads the old frigate Constellation rode safely at anchor after a perilous experience. Saturday night, when the gale parted her from her tugs. Small shipping in Chesapeake Bay was damaged by the storm, and the wind blew the water into the streets of Norfolk.

WIRELESS MESSAGE TELLS OF SAFETY OF BATTLESHIP KANSAS

ASSOCIATED PRESS TELEGRAM
Philadelphia, Dec. 7.—The Philadelphia navy yard early today intercepted a wireless message addressed to the secretary of the navy reporting the battleship Kansas safely anchored off the Delaware capes waiting for the weather to moderate before venturing into Delaware bay.

Whether the Kansas is the battleship last night reported to have been in trouble off Ocean City, Md., further down the coast, the commandant of the Philadelphia naval station could not say.

NEW YORK HARBOR CLEARED OF CRAFT BY NORTHEASTER.

ASSOCIATED PRESS TELEGRAM
New York, Dec. 7.—A roaring northeaster today swept the Atlantic

LIVING COST IN PARIS IS NOT HIGHER

NORMAL MARKET CONDITIONS HAVE BEEN MAINTAINED SINCE WAR.

Housewives Combined to Buy at a Central Market Stopping Rise in Meat Prices.

ASSOCIATED PRESS TELEGRAM
Paris, Nov. 26.—Correspondent of the Associated Press.—More than a hundred days of war, the mobilization of three million men, their equipment and their feeding and the flight of two million Belgian refugees and the eighty thousand German prisoners have had no appreciable effect upon the cost of living in France.

Production, however, has been restricted by the occupation of the enemy of several departments, and the distribution of food stuffs has been hindered, by the calls made upon transportation facilities by the army. Normal market conditions have been maintained, partly by a remarkably prolific harvest of vegetables and fruit, partly by the suppression of duties on wheat and other important necessities, and partly by confidence, preventing panicky fluctuations.

Meats advanced at the outset—a purely speculative movement—but combinations of housewives buying at wholesale at the central markets soon put a stop to it. Now beef costs the same as in 1913, excepting the cheaper boiling pieces, which are in great demand and have slightly advanced. Pork is cheaper.

Potatoes are half a cent a pound cheaper, cabbages six cents a head cheaper, beans unchanged; bread unchanged. Butter and eggs cost more today than a year ago and sugar is four cents a pound higher.

French Attack Intrenchments In Yser River

ASSOCIATED PRESS TELEGRAM
Paris, Dec. 7.—The French war office gave out an official communication this afternoon as follows:

"In the region of the Yser we continue to attack the few intrenchments still held by the enemy on the left bank of the canal."

"In the region of Armentieres and of Arras, as well as in the Oise territory, in the Aisne region and in the Ardennes, there is nothing to report except to refer in general terms to the superiority of our offensive."

"In Champagne our heavy artillery on several different occasions has shown marked superiority over that of the enemy."

"There is nothing new on the eastern front of our line where the positions of preceding days have been maintained."

SCIENTISTS MEET.
Chicago, Dec. 7.—Scientists, for universities throughout the country, attended the national academy of sciences which opened today at the University of Chicago. Sessions will continue until Wednesday.

Two German Scenes.

COPYRIGHT UNDERWOOD & UNDERWOOD, N. Y.

Preparatory to taking their places in the trenches where they may remain throughout the winter months, the Germans are being well fortified with heavy socks and mittens, knitted by Women's Relief Societies throughout the empire. Recognizing that tobacco is as great an essential to the fighting men in the trenches as food, other societies have been engaged in collecting tobacco and cigarettes. The upper photograph shows the distribution of heavy socks and mittens to the German soldiers just before their departure for the trenches. The lower photograph shows a Red Cross nurse distributing the highly-valued tobacco in the form of cigarettes to the soldiers of the Kaiser.

Two Newark Citizens Dead, Each at the Age of 95 Years; Wm. Nutter and Eliza Ayers

William D. Nutter, age 95 years, probably the oldest resident in Newark, died Sunday morning at 6:45 o'clock at his home, 254 East Main street. His last illness was brief and the attention he received from physicians in his last illness, was one of the two times in his life that he required medical attention. The first time was when he required emergency surgical attention for an operation of a minor character.

Mr. Nutter was born in Champaign county, O., near where the present city of Urbana is located. His father brought him to Newark in 1826 and shortly afterwards he was "bound out" to a cabinet maker for four years. He learned his trade and established himself in business in a small shop in North Fourth street near where Most street now is. At that time this was far from the corporate limits of the village of Newark.

He worked at his trade for many years, retiring about 25 years ago from active work at his trade. He made much of the furniture which filled the home of the early settlers in Newark, Licking county and surrounding territory.

He is survived by four children, all of whom live in Newark. They are Lester Nutter, R. H. Nutter, C. D. Nutter and Mrs. Mary McVey. His grandchildren and great grandchildren number more than 55 descendants. During the last years of his life, he spent much of his odd moments on odd jobs of furniture making, one of his last tasks being to make small chairs for his grandchildren. All this work was done with hand and without the use of tools. Of his excellent eyesight he was justly proud, as he was of his splendid memory.

For six or seven years in his youth he spent his summers with a tribe of Wendots. When he came back to this country, he was searching for his tribe, but they had left and he could be found.

Hungary Will Be Invaded By The Russians

Germans Again Occupy Lodz from Which City They Were Driven On Their First Retreat from Warsaw, Which City Is Now Thought to Be Seriously Menaced as to Communication

MUSCOVITES SAID TO BE STRONG ENOUGH TO HOLD

Invaders In North Poland, and Will Be Content to Do This While Devoting Their Main Energies to the Reduction of Cracow and the Invasion of Hungary, Which is Considered the Weak Point in the Armor of the Teuton Allies—Ostend Reported In Flames.

ASSOCIATED PRESS TELEGRAM

London, Dec. 7.—A comparison of the reports from Berlin and Petrograd leads to the conclusion that the Germans again occupy Lodz, from which city they were driven on their first retreat from Warsaw. Berlin makes positive announcement that Lodz is in their hands, while Petrograd admits that the situation there is desperate.

If the fall of the city is a fact, it indicates that communication with Warsaw again is seriously menaced, but a semi official statement from Petrograd declares that the Russians are strong enough to hold the invaders in northern Poland and will content themselves with doing this while devoting their main energies to the reduction of Cracow and the invasion of Hungary.

Hungary, according to reports from the Russian capital, is the weak point in the armor of the Teuton allies. These messages from Petrograd say that even as early as at the time of the fall of Lemberg, Austria asked Russia for terms of peace. The negotiations to this end, if any really took place, apparently proved abortive. The story is again revived in Petrograd in the form of a report that the Hungarian prime minister, on a recent visit to Emperor William, demanded better

military protection for Hungary, lack of which would cause the loss of the Kingdom.

The latest French official communication declares there is nothing to report on the western front and with the exception of a special dispatch to the effect that Ostend is burning, nothing has been received in London to dispute the accuracy of this laconic statement.

The latest reports from Montenegro and Serbia indicate that these Balkan allies at bay in their mountain strongholds are holding the Austrian invaders in check.

On the water some minor activity has been noted resulting in the reported destruction of Turkish auxiliaries in the Black Sea by Russian submarines; destruction by mines of two Swedish merchantships off the Finnish coast, and the crippling by a mine of the famous Turkish cruiser Hamidieh which is said to have regained Constantinople with considerable difficulty.

Diplomatically, interest is centered on Rome, where the statement of Former Premier Giolitti that Austria planned war against Serbia in 1913 has caused something of a sensation. The Balkan States are said to be nearing a rapprochement which will enable them to make a common cause against the Germanic allies.

FUND GROWS FOR RELIEF OF MINERS IN EASTERN OHIO

ASSOCIATED PRESS TELEGRAM
Toledo, Dec. 7.—The relief fund of the miners in eastern Ohio will be increased by nearly \$3,000 as a result of the generosity of Toledo unionists and friends. The efforts of the hundreds of women and girls last Saturday who stood about the streets and sold tags resulted in \$2,710.40 being collected. John Quinlan, business agent of Central Labor Union previously collected \$160 from friends. Other donations are expected today and tomorrow to swell the funds to make the entire total \$3,000 or more.

REPORT MONASTERY TO BE DESTROYED BY THE GERMANS

ASSOCIATED PRESS TELEGRAM
Paris, Dec. 7.—A dispatch to the Havas agency from Petrograd, says: "The Germans have destroyed the monastery of Lenzeyra, about 15 miles northeast of Lodz, which has been in existence for a thousand years, on the pretext that the ring of the Anielus was a signal to the Russians. In the attack a priest and two monks were killed."

HOMELESS BY THE THOUSANDS SEEK SHELTER IN N. Y.

ASSOCIATED PRESS TELEGRAM
New York, Dec. 7.—Driven from the streets and parks by a light fall of snow, followed by an icy rain, thousands of homeless men applied to the municipal lodging house and scores of shelters maintained by charitable organizations for food and places to sleep last night. The municipal lodging house cared for 1669 men and having no more room threw open one of the municipal piers, where nearly a thousand more were given shelter for the night.

GREEK MINISTER SEES PRESIDENT BEFORE LEAVING

ASSOCIATED PRESS TELEGRAM
Washington, Dec. 7.—President Wilson had on his list of callers today the retiring Greek minister to the United States, Mr. Schliemann, who was recalled recently because of a disagreement with his government over the pretext that the ring of the Anielus was a signal to the Russians. In the attack a priest and two monks were killed.

Users of Canal Water for Industrial Purposes Will Be Charged Much Higher Rate

ASSOCIATED PRESS TELEGRAM
Columbus, Dec. 7.—Industrial companies which use water from state canals for power, boiler, cooling or other purposes, will find rates boosted three to five times, higher than they are now when the canal board meets to renew their contract for the next few months. The board of yielding the state only about \$200,000 revenue annually to the canal board, which is a small sum for the state's share of the cost of the canal. The rate hereafter will be based on a scientific cost survey which has been a process of making for the past eight months, and a report will be issued showing exact rates which will be charged.

The new rate will affect manufacturing companies particularly in Akron, Cleveland and Cincinnati. Rates heretofore have been based upon an old system, superintended by the state engineer. A commission was appointed to make a study of the canal works. Political "pull" was largely the rate, and little was taken to find the actual cost of water taken from state canals for the purpose for which it was used. The rate hereafter will be based on a scientific cost survey which has been a process of making for the past eight months, and a report will be issued showing exact rates which will be charged.

High Value Is Evident In Hermann Smart Suits, O'coats At \$10, \$15, \$20, \$25

IT'S evident in the fabrics—a woolen expert will tell you that such weaves are highly unusual at so moderate a price.

IT'S evident in the style—you can't get more correct style, no matter what you may pay for it.

IT'S evident in the tailoring—painstakingly executed and masterfully done—the “circumstantial” evidence in favor of these suits and overcoats is indisputable.

“Ask the man who wears one.”

NO TRACE

OF YOUNG RICHARD DOE, WHO HAS BEEN MISSING FROM COLUMBUS HOME.

Former Newark Lad Left His Bank Book, Calling for Same Amount of Money He Took.

As yet no trace of Richard Doe, son of Mr. and Mrs. Edward Doe, formerly of Hudson avenue, this city, has been found. This 14-year-old boy has been missing from his home in Columbus for a week. Mr. Doe now conducts a clothing store in South High street and lives at 66 Hoffman avenue, Columbus. The boy was traced as far as Parkersburg, W. Va., but there the trail ended. He is 14 years of age, five feet in height, has dark brown eyes, dark hair, and a fair skin, and was wearing a light gray Scotch Norfolk knee suit, a light waist and a light cap when he left home. He was supplied with money and carried a 17-jewel Howard watch. Mr. Doe offers a cash reward for information concerning the boy.

Donald Carson, aged 12, son of Officer C. C. Carson, may be with young Doe, is the belief of Mr. Doe and Officer Carson. Both boys disappeared, although at different times, but young Carson was seen on the East Side, Columbus, and in company with a boy who answers the description of Doe.

Richard Doe had \$240 in the bank and he left his bank book, where his father could find it and took \$240 cash, according to his father's report to the police. He left Sunday night, but is said to have come back into Columbus Tuesday. Young Carson disappeared on Wednesday at noon. The boys were classmates in a manual training class at school in Columbus.

SKUNKS FOUND TO BE USEFUL BY SCIENTISTS

(Associated Press Telegram)
Washington, Dec. 7.—The much maligned “skunk” has been found to be one of the most useful members of the mammal kingdom as an enemy of the full grown range caterpillars. This was announced today by the agricultural department's bureau of biology, after exhaustive investigations.

Examination of food in the stomachs of 600 birds to determine whether their feeding habits were helpful in destroying the caterpillar seems to indicate, according to the bureau, that birds are of no value as enemies of this insect.

As a result of its studies, the bureau added eleven birds to the list of bird enemies of the cotton boll weevil, making a total of 65 thus far discovered.

THIN BLOOD AND DYSPEPSIA

Thin-blooded people generally have stomach trouble. They seldom recognize the fact that thin blood is the cause of the indigestion but it is.

Thin blood is one of the most common causes of stomach trouble. It affects the digestion at once. The glands that furnish the digestive fluids are diminished in their activity, the stomach muscles are weakened and there is a loss of nerve force. In this condition nothing will more quickly restore appetite, digestion and normal nutrition than good, rich, red blood.

Dr. Williams' Pink Pills act directly on the blood, making it rich and red, and the enriched blood strengthens weak nerves, stimulates the tired muscles and awakens to normal activity the glands that supply the digestive fluids. The first sign of returning health is an improved appetite and soon the effect of these tonic pills is evident throughout the system. You find that what you eat does not distress you and that you are strong and vigorous instead of irritable and listless. You are now on the road to health and care in the diet is all that you need.

The Dr. Williams' Medicine Co., Schenectady, N. Y., will send you a little diet book free on request. Your own druggist sells Dr. Williams' Pink Pills.

SUBSCRIPTIONS FOR STARVING BELGIAN PEOPLE

The Dollar Christmas Fund for Homeless Belgians of which Banker Henry Clews is treasurer, has headquarters at 66 Broadway, New York. The committee in charge of this work consists of Prof. Henry Fairfield Osborn, Melville E. Stone, Col. George Harvey, Adolph S. Ochs, George T. Wilson, William C. Reick, Dr. Wm. T. Hornady and Percy S. Bullen, secretary.

Secretary Bullen writes the Advocate as follows:

“In behalf of our committee I have to thank you most heartily for the co-operation of your valued newspaper in support of a cause which we are glad to see appeals to you as a good one. It is chiefly by the good-will and assistance of newspapers that we are achieving success in our efforts to relieve Belgian distress this winter, and to that end we are co-operating with other relief agencies.

“I believe that here are many of your readers—even those who have subscribed already to other appeals—who desire to see that a portion of their Christmas bounty will be applied for the benefit of the people without a country. By means of our co-operation with the Shilling Fund in London which is well organized to distribute relief, we shall be able to accomplish a great work of mercy.

“If there is any other information which you may desire, I should be glad to send you the same immediately. With personal regards, I remain at your service.

Yours very truly,

“PERCY S. BULLEN.”
Governor Cox is expected to issue a proclamation urging that the people of Ohio take action on Brand Whitlock's suggestion made to the Governor by cable from Brussels that a relief ship be fitted out for the suffering Belgians.

Many offers of assistance have come into the executive offices since Mr. Whitlock, former Mayor of Toledo and now minister to Belgium, urged the Governor to ask the people of this state to come to the aid of those made homeless by the war in Europe.

Mrs. D. H. Sowers of Columbus, now has \$500 on hand, which she collected, that has been offered to start a fund.

Graville has raised a fund of \$300 for the Belgians. The Junior class of Denison has decided to hold no banquet but to donate the money to the fund instead and the girls of Shepardson college are to have no meat with their meals for a week, setting aside the money which would have been spent for meat and at the end of the week will put the money into the Belgian Christmas donation for the relief of starving Belgians.

The Advocate will acknowledge all subscriptions through this newspaper and will make prompt remittance to the treasurer, Mr. Clews.

Try This For Neuralgia.

Thousands of people keep on suffering with Neuralgia because they do not know what to do for it. Neuralgia is a pain in the nerves. What you want to do is to soothe the nerve itself. Apply Sloan's Liniment to the surface over the painful part—do not rub it in. Sloan's Liniment penetrates very quickly to the sore, irritated nerve and allays the inflammation. Get a bottle of Sloan's Liniment for 25 cents of any druggist and have it in the house—against Colds, Sore and Swollen Joints, Lumbago, Sciatica and like ailments. Your money back if not satisfied, but it does give almost instant relief.

CUSTOM DUTIES IN AUSTRALIA SHOW INCREASE

(Associated Press Telegram)
San Francisco, Dec. 7.—Despite the disruption of the shipping of Australia since the beginning of the European war, revenue returns for customs and excise during last October showed an increase of approximately \$250,000 over the returns of October, 1913, according to an announcement made here today by Niel Nielsen, trade commissioner in America for New South Wales.

Mr. Nielsen also said the Australian federal parliament had before it a bill providing for material extension of the operations of the commonwealth (government) bank, and for increasing its capital from \$5,000,000 to \$50,000,000.

TIME IN CHICAGO MAY BE CHANGED, AN HOUR EARLIER

Chicago, Dec. 7.—Men representing banking, railroads, manufacturing, and various other interests, attended a meeting here today called by the Chicago Association of Commerce, to discuss the question of extending the eastern time zone to the Mississippi river. The change would cause Chicago to get up an hour earlier and to go to bed an hour earlier than under the present (central) time.

“We more want to give citizens more daylight in which to work and recreate,” said E. U. Kimbark, chairman of the committee. “It is not a question for Chicago alone to decide, as the change would have to be made all over the territory east of the Mississippi.”

Sensational Paper.

irate Colonel (to his daughter)—Elizabeth, how could you be so in-hospitable to that young man who called last night?
Boss (in a stable)—Why, dad, later. You should by no means have let him in without asking him to breakfast.—Philadelphia Record.

The Gift that Pleases Every Man

is a glass humidor of famous Tuxedo tobacco. Last Christmas thousands of men received this appropriate, delightful, sensible gift—this year the number will be greatly increased. Give him a humidor of Tuxedo. It will last him for weeks—in his office or by his fireside—and each cool, mellow, fragrant whiff will recall you to him in pleased and thankful reverie.

Tuxedo can be smoked all day long without the slightest irritation to the smoker's throat, as is proved by the endorsement of Tuxedo by men like Caruso, William Faversham, Harry Lauder, and thousands of famous Americans in professional, public and business life.

Tuxedo, made from highest grade Burley tobacco, has the advantage—over other tobaccos—of the exclusive original “Tuxedo Process,” which absolutely prevents “tongue-bite.” The Humidor Jar keeps it fresh and moist to the last pipeful.

NOTICE

FEDERAL WAR TAX

The United States tax law which became effective December 1, 1914, provides that it shall be the duty of every telephone company to pay a tax of one cent on each message amounting to fifteen cents or more, and that such tax shall be collected from the person paying the message.

Therefore every toll user who sends a long distance message amounting to 15 cents or more will be charged one cent in addition in order to take care of the above tax.

Haynes Brothers

"Yes; but she is more apt to be ft."

When The Average Man Buys

a lead pencil or a pair of shoestrings he is satisfied to deal with the first peddler who comes his way.

But on the other hand, when the average man wants to invest a considerable sum in a piano, a threshing machine or even in a suit of clothes he is careful to do business with some firm in his community that has a record of square dealing and honest values. He doesn't run any risk.

A man should also use the same rule when he comes to invest his surplus funds. There are plenty of "strange concerns" and little known individuals always begging you to place your money with them, declaring that they have a "sure thing."

The best course for you to follow is to avoid these ventures and place your funds in a solid, permanent institution such as the "Old Home" Building Association Co. of Newark. For 24 years our patrons have received absolute safety and satisfaction and the highest safe rate of return on their money placed here.

OVATION

GREETED SPEAKER CHAMP CLARK AT OPENING OF CONGRESS TODAY.

An Early Adjournment Until Tomorrow When President Will Read His Message.

(Associated Press Telegram)
Washington, Dec. 7. Congress at back to work again today after a six weeks' rest to what promises to be a billion-dollar session.

With crowded calendars confronting both houses, senators and representatives settled down to passing the big appropriation bills and the administration program, which President Wilson will outline in his annual address tomorrow in the hope that a special session may not be necessary after March 1.

In the house, crowded galleries and congressmen of all three parties on the floor, united in a remarkable ovation to Speaker Champ Clark as he mounted the dais and dropped his gavel at sharp noon. A few bills were dropped in the hopper, some new members were sworn in to fill vacancies and a large number of members departed to attend the funeral of the late H. A. Merritt of New York. The house chaplain, Rev. Harry G. Goudin, in his invocation, prayed that "we may be at peace among ourselves and with all other nations."

In the senate, Chaplain Prentiss man prayed: "Almighty God, we pray that our message to all the people may be that of peace and our influence in all the world that of universal brotherhood."

In the senate Vice President Marshall indulgently delayed formally calling the session to order while senators held an informal reception and exchanged greetings. After Senators Kern and Gallinger had been appointed to join a house committee to formally notify President Wilson of the opening of the session the senate recessed until 3 p. m.

The house named Representatives Underwood, Fitzgerald and Mann to wait upon the president with Senators Gallinger and Kern and then a resolution was adopted fixing 12:30 p. m., tomorrow, as the time of the joint session with the senate to hear President Wilson read his annual address.

Then after resolutions of sympathy on the death of Representative E. A. Merritt of New York, were adopted, the house adjourned at 1:09 p. m., until noon tomorrow.

A novel feature of ships which are being built for the National Steam Navigation company of Greece is a little church which will be fitted on board each vessel.

WHAT IS IT?

What necessity of the soldier?

Answer to Saturday's puzzle—Rocking.

BEGIN THIS MONDAY Everybody Should Join

—THE—
NEWARK TRUST CO. LANDIS CHRISTMAS SAVING CLUB

The Landis Christmas Savings Club was a HAPPY THOUGHT. The phenomenal success of this Club proves it performs a valuable service to the community.

THE GREAT ADVANTAGE OF THE

NEWARK TRUST CO. LANDIS CHRISTMAS SAVING CLUB

Is its co-operation feature. It encourages many to do what few would accomplish individually. It proves the old maxim that in union there is strength.

Members help themselves and help others at the same time. They are sustained in their efforts to save by the enthusiasm of the multitude and have the advantage of system and organization—which finds the highest attainment in a successfully conducted bank.

Every person in Newark ought to join our **Landis Christmas Savings Club**. It directly benefits members personally and at Christmas booms business for the merchants and helps the town morally and commercially.

And you will have both dollars and reasons for a MERRY XMAS.

The Newark Trust Co.

be prohibited. Rains in the domestic winter crop belt where drought has recently been complained of, tended, however, to check bullish sentiment. After opening a 1/4 to 1/2 higher, the market eased off a little from the top figures at the start. Adverse weather gave off temporary firmness to corn. Buying was only for scattered quantities. The opening, which ranged from 1/4 to 1/2 higher, was followed by a sag that offset all of the advances.

Oats fluctuated with other grain. Changes, though were narrow and trade in the provision pit was virtually at a standstill. Quotations held steady.

Mrs. Ella Wintermute is quite ill with congestion of the lungs at her home in McKinley avenue.

Answer Filed.
An answer has been filed by the defendant in the case of the State of Ohio vs. Laura A. Swartz vs. The Ohio State Telephone Co., the suit having been brought by the plaintiff to enjoin defendant from cutting or trimming trees on her property in Granville. In the plaintiff's answer they deny all allegations and state they never had any intention to interfere with the plaintiff's trees and ask that the suit be dismissed.

Motion for Judgment.
In the case of Adam Enswiler, plaintiff, vs. J. W. Scott et al., the defendant moves the court for judgment for the defendant, upon the special verdict returned by the jury, for the reason that the general verdict is inconsistent with the said special verdict returned by the jury, as provided by the general code.
In the same case the defendants have filed a motion for a new trial giving thirteen reasons why the verdict should be set aside.

Marriage Licenses.

St. John's Evangelical church will give a bazaar and social Tuesday and Wednesday, Dec. 8 and 9 at church, corner Fifth street and Poplar avenue. Everyone invited. 12-4d-3t

Regular Prayer Meeting.
The regular Tuesday evening prayer meeting will be held at the home of Mr. and Mrs. Trent, 44 Wing street, at 7:30. All are invited.

Silent Circle Meeting.
The Silent Circle of the King's Daughters and Sons will meet Tuesday evening, December 8, with Mrs. Fred Wilson, 122 West Locust street.

Child Improving.
Little Sarah Jane Lucas, the five-year-old child who was so seriously burned several weeks ago, is now improving at her home in South Williams street.

Birth Announcement.
Master Robert E. Woolson announces the arrival of a baby sister, Helen Batchelder, at the home of his parents, Mr. and Mrs. F. A. Woolson, 135 North Tenth street. The little girl arrived Sunday morning.

Eight Court Session.
Only four defendants were arraigned in police court Monday morning, all being charged with intoxication. The usual fines were assessed in three cases, the fourth being ordered committed to a cell on a bread and water diet.

The Newark Steam Laundry.
The Newark steam laundry has this week begun the monthly issue of the magazine "Clean Clothes." It is a finely illustrated magazine devoted to cleanliness, sanitation and sound textile. A thousand of these will be distributed by the Newark steam laundry every month and will be greatly appreciated by those receiving them.

Paper "Stopper" Burned.
The use of rags and paper to close the stove pipe hole in a chimney at the home of Mrs. Patterson in South Fifth street, resulted in a fire scare Sunday morning when a coal fire, started by the family living in the other side of the house set fire to the "stopper." William Woolard, who was ill in the house, was carried into the yard until after the fire department, which was called by an alarm from box 34, found that there was no danger. There was no loss.

Change of Time.
The Johnstown Motor Bus company will change time of bus service on Monday, December 7. Instead of one daily round trip from Johnstown to Newark the bus will make two, leaving Johnstown at 7:30 a. m., leaving Emerson's at Newark at 11:15 a. m., again leaving Johnstown at 1 p. m., and leaving Emerson's, Newark, at 4:45 p. m. E. C. Burkam, manager.

Starke Revival Closes.
The series of meetings at the East Main Street M. E. church, which has been in progress for three weeks, closed Sunday night with an audience which taxed the capacity of the building. Rev. Mr. Starke, a former newspaper man, who has been conducting the meetings, has been successful in his work, more than 100 conversions having resulted.

Newark Chinese Arrested.
Columbus police officers raided a Chinese laundry yesterday arresting seventeen Chinamen on a charge of gambling. The men were playing the Chinese national game—fan-tan. Two of the number, Chin Lee and Foo Lee, claimed to be from Newark. All were released under bond for their appearance in police court Monday.

MEYER & LINDORF
SELL INTEREST IN
MT. VERNON STORE
According to announcement made at Mt. Vernon Saturday, Messrs. A. R. Lindorf of Newark and C. H. O. Meyer of Clinton, Ia., on that date consummated a deal by which they dispose of their interests in the Mt. Vernon branch, known as The Meyer & Lindorf company. Harold K. Walker and James S. McCrackin purchased the interest of Mr. Meyer and Mr. Lindorf and with other stockholders organized a new company with Robert Johnson, formerly of this city as president. Mr. Walker as vice president and treasurer, and Mr. McCrackin as secretary.
The deal will have no effect on the local organization in the Newark store which has recently been enlarged and improved to care for the rapidly increasing business.
Mr. Walker, one of those interested in the deal, was at one time associated with the firm as assistant manager but for the past two years has been engaged in other business at Mt. Vernon. The firm has a splendid location in the center of Mt. Vernon's business district. Mr. McCrackin is also well known in Newark, having been identified with several telephone companies operating in Knox and Licking county towns. Mr. Johnson was at one time identified with the Meyer & Lindorf store here.

The winner among 20 entries in a contest for military aeroplane engines that will last several months will receive a \$25,000 prize from the British government.

BANQUET

IN HONOR OF DENISON'S FOOT-BALL TEAM AT GRANVILLE SATURDAY NIGHT.

Coach Walter J. Livingston Highly Praised—Women's Social Union's Supper.

(Special to the Advocate.)
Granville, Dec. 7.—The third annual banquet honoring the Denison football team, was given Saturday evening with an enthusiastic company of students and faculty members in attendance. After dinner, talks were given by the seniors, Captain Reese, and Messrs. Biggs, Williams, Roudsbush and Jones. The election of Don Ladd as next year's leader was announced and the captain-elect responded to the toast, "Next Year's Outlook."
The faculty was represented by President Chamberlain, who spoke on plans for a new stadium, and Professors Coon, Johnson, Colwell and Pence. Coach Livingston's speech was an eloquent appeal to students to keep Denison in her present high position in athletics. In this connection the panegyric on Coach Walter J. Livingston, which appeared in the Granville Times Thursday, will bear repetition in this column:
"Denison showed to Ohio some wonderful players in Reese, Rupp, Roudsbush, Thiele and Ladd, but back of all this is the man who coached and developed them. It is worth while to pick an All-Ohio team, it is just as interesting to pick an All-Ohio coach to coach this mythical eleven. On the basis of results with the material at his command, W. J. Livingston must be the unanimous choice for this post of honor. In this championship eleven he has only kept up the quality of his work here. In the four football seasons that he has been here he has never had a team defeated by more than two Ohio teams in one season, and in the last two seasons, only one defeat each season was suffered.
"In basket ball he has turned out two teams that have held the state championship for two consecutive years. Considering the small number of students that he has to draw from, the greatest possible credit must be given to him as the greatest coach in Ohio today. In proportion to the number of men handled Coach Livingston has developed a greater number, proportionately, of men of the first rank of athletes, than any other coach in the state in the same length of time. It is time that we realize that we have not only the greatest team in Ohio but, the greatest coach. And until he is established here another year, we may all live in fear lest some bigger college take him away."

The First Division of the Ladies' Social Union (which includes all members of the congregation with initials from A through F), will entertain with a supper and social in the Baptist church parlors, Friday evening, December 11 at half past five o'clock, the men being specially invited. Mrs. C. E. Frank, the efficient leader of the division, whose home is out of town on Centerville street, and therefore inaccessible, appointed a committee on arrangements with Mrs. C. D. Coons as chairman, who will receive responses to the general invitation issued in the Church Bulletin yesterday. No charge will be made at the church for supper, each member of the division being expected to have made provision for her household, either in food or its money equivalent. Chicken pies and other hot dishes must be at the church by 5 o'clock sharp, on Friday afternoon. For other information not supplied by the collectors, see Mrs. Coons.

Dr. C. L. Williams preached in the Presbyterian church Sunday morning. Dr. Bruce Kinney of Topeka, Kans., occupied the pulpit of the Baptist church yesterday morning, preaching a fine sermon on the topic, "The World Task and the Home Base." Dr. Kinney is an alumnus of Denison, and has a son in college here who expects to become, also, an alumnus of Denison.

Mrs. Fannie Green and her sister, Mrs. Mills, have returned from a week's visit with relatives in Cambridge, O.
Dr. and Mrs. L. E. Davis spent last week in Columbus, the guest of relatives, while Dr. Davis attended the Dental Convention.

Mrs. Howard Barrow went to Cambridge Saturday where she will visit her parents, Mr. and Mrs. Joseph Keckers for a few days.
Prof. Karl Edmund, who directs the big chorus choir at the Baptist church, presents a different soloist almost every Sunday. Yesterday at the morning service, Mr. Nelson Rupp, baritone, sang for the offertory, "God and Father, While I Stay" with true devotional expression and for the evening offering, Mr. Burkman rendered "Alliance of the Lord is My Light," in which his wonderful voice was shown to great advantage.

Mr. and Mrs. Karl Ashton of Oberlin, formerly of Granville will be the big chorus choir at the Baptist church, presents a different soloist almost every Sunday. Yesterday at the morning service, Mr. Nelson Rupp, baritone, sang for the offertory, "God and Father, While I Stay" with true devotional expression and for the evening offering, Mr. Burkman rendered "Alliance of the Lord is My Light," in which his wonderful voice was shown to great advantage.

guests of Granville relatives for a few days.
Mr. William Schwabb, who has been ill and confined to his bed for ten weeks, is again able to resume business, and has reopened the Oak Parlor restaurant to the public.

MILITARY

(Continued from Page 1.)
more than doubled in the estimate of \$585,000 for fortifying Cape Henry, Va. For purchase, manufacture and test of ammunition for mountain, field and siege cannons \$1,600,000 is asked, an increase of \$400,000; and various items, ranging from \$100,000 to 450,000 for seacoast cannon, purchase of ammunition, subcalibre guns, alternating of three-inch batteries to rapid fire field batteries are asked. For purchase of searchlights for defense of the more important harbors \$150,000 is asked, an increase of \$50,000; preparation of fortification plans doubled to \$100,000; and maintenance of the mobile artillery \$55,000.

For fortifications in the insular possessions \$446,000 is asked, an increase of \$90,000. The Panama canal fortifications aggregate \$1,942,228, an increase of \$717,673, including \$25,000 for torpedo buildings and \$763,000 for purchase, manufacture and test of ammunition for seacoast and land defense cannon and machinery necessary for its manufacture at the arsenal and for maintenance of seacoast artillery.

The secretary of war also would be given discretionary authority to spend \$50,000 of this amount to erect a building for manufacturing projectiles. The estimates also call for an appropriation of \$568,580 for construction of barracks for the mobile army and coast artillery in the canal zone for which \$700,000 was appropriated last year, and increase the appropriation of \$70,000 for fire control stations at Panama to \$385,301.

Among the plans for fortifications of the insular possessions, as contemplated are maintenance of seacoast artillery of \$46,000, in addition to \$300,000 for the same purpose on the continent, ammunition for seacoast cannon \$400,000; land defenses and sea wall construction on Hawaii \$170,000; and small items for fortifications repair work in the Philippines.

A JOY FOREVER

The Piano you buy for Christmas will be a joy in the home forever, if you use care and judgment in your selection. We will be glad to show you our magnificent line of Pianos and will give you the benefit of our years of experience.
If it's musical we have it.

KEEP URIC ACID OUT OF JOINTS

Tells Rheumatism Sufferers to Eat Less Meat and Take Salts.

Rheumatism is easier to avoid than to cure, states a well-known authority. We are advised to dress warmly; keep the feet dry; avoid exposure; eat less meat, but drink plenty of good water.

Rheumatism is a direct result of eating too much meat and other rich foods that produce uric acid which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate the uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which helps overcome uric acid and is beneficial to your kidneys as well.

Saltiest Lake in the World.
This is Lake Urmia, in Persia, situated more than 4,000 feet above the level of the sea. It contains 22 per cent of salt as against 8 1/2 per cent in the Dead Sea. The lake is eighty-four miles long and twenty-four miles broad, and its northern coasts are fringed with a border of salt glittering white in the sun. No living thing can survive in it except a species of very small fish.

A pretty woman is about the only spectacle of which one does not grow tired.

Tell a woman she is worth her weight in gold and she won't care how stout she gets.

Quality! Not Premiums

STAKE a dime on the Camel Cigarettes, but don't look for premiums or coupons, as the cost of the tobaccos in them prohibits their use.

Camel Cigarettes—20 for 10c—are a blend of choice quality Turkish and domestic tobaccos. They do not leave that cigarette taste and cannot bite your tongue or parch your throat.

You haven't money enough to buy a more delightful cigarette.

If your dealer can't supply you, send 10c for one package or \$1.00 for a carton of ten packages (200 cigarettes), postage prepaid. After smoking one package, if you don't find CAMELS as represented, we will refund your money.

W. H. Mazey Company

DISGRACE

FACES JUDGE IN COURTROOM
WHERE HE PRESIDED FOR
FOUR YEARS.

Disbarment Proceedings Against W.
P. Barnum Begun at Youngs-
town Today.

(ASSOCIATED PRESS TELEGRAM)

YOUNGSTOWN, O., Dec. 7.—In the courtroom over which he has presided for four years Judge W. P. Barnum of common pleas court, today was placed on trial on charges of professional misconduct preferred by the Mahoning County Bar Association. If Judge Barnum is found guilty he may be disbarred by the court. No influence upon his occupancy of the judgeship will be exerted by the trial, however. Recall of a judge can only be made after a trial before the state legislature.

Judge J. H. Pimple of Carroll county, presided at the trial today. The defendant's counsel were Ed L. Moore, Oscar E. Dyer and W. R. Stewart of Youngstown, and Judge Charles E. Pillus of Warren. Members of the bar association active in the prosecution are Attorneys C. D. Cline, C. A. Manchester and S. B. L. Jackson. Attorneys D. G. Jenkins and E. R. Graham and others will assist in advisory capacity. It was stated.

Among the witnesses expected to be called at the trial were Frank Callahan. It was the alleged negotiation of a lease by Judge Barnum of theatre property owned by Callahan while the latter was under criminal charges in the courts here, that resulted in the present action against the judge.

ANNOUNCEMENT

We are prepared to show you an extensive line of Piano and Player Pianos, priced within the reach of every one. Select your instrument now and we will deliver it Christmas. Victor Victrolas and Edison Diamond Disc Phonographs. Small instruments of every description.

State News

Fire caused from an overheated furnace caused a panic in a Marion church when a woman screamed, "Fire," as the pastor was offering the morning prayer. No one was injured.

Prof. Frank Midway, wet speaker, at Findlay, was arrested for assaulting M. D. Kidwell, a student, who disputed Midway's statements.

Senator-elect W. G. Harding delivered the memorial address to the Zanesville Lodge of Elks. His subject was: "The Little Things of Life."

New Concord residents turned out en masse, Sunday, to pay tribute to Dr. Robert Francis Harper, a native of that village and prominent in educational circles.

Belmont county miners may start their mines on the "open shop" plan.

Mrs. Mary Oswald of Cleveland, was arrested for stealing toys for her sister's children in Austria, left fatherless by the way.

Fred Young, a Coshocton masher, was fined \$25 and costs and sentenced to six months in the workhouse because he asked a woman if he could go home with her.

Coshocton has a rumor that former Common Pleas Judge Nichols is a "dark horse" candidate for the postmastership.

A butcher's horse at Mt. Vernon ran away, Saturday, and was caught at Fredericktown, seven miles away. The rik was undamaged.

Benefitted.
Old Maid (who during a short trip had to put her pug dog in board at a neighbor's family)—Well, children, have you always been very kind to my pet?
Chorus—Yes!
Little Carl (blushing out)—And he can swim now, too!—Fleeting (laughing) (Murmurs).

OPEN NOSTRILS! END
A COLD OR CATARRH

How To Get Relief When Head
and Nose are Stuffed Up.

Count first! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffling, halting, nervous disfigure, dizziness or headache, no straining for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant ointment or cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't starve stuffed-up nostrils. Relief is sure.

GREAT THROG

(Continued from Page 1.)
assisted in its development by the growth of fraternalism. Fraternalism as we know it, dates back but little farther than the history of our own government. While it is true several fraternal orders can trace their history farther back in time, yet they only served to keep alive the principles. In our United States of America these ideas of fellowship have found opportunity to grow and develop and those organizations have sprung and flourished until twenty millions on this continent are engaged in some form of fraternal work.

Among the newer branches of this work is our own Benevolent and Protective Order of Elks. So thoroughly does it typify the modern idea of fellowship that its doors swing open to the Protestant and to the Catholic, to the Jew and to the Gentile. Its half million members show that it is filling a need which exists today.

Even the churches are showing the effect of this theory of life. We find the walls that have separated the denominations are being torn down and many members have already taken place.

In our cities, many churches are throwing open their doors week days for meetings of many kinds, for social gatherings, and are providing club rooms and places of entertainment. All this is upon the basic idea that religion must enter into our everyday life during the entire seven days of the week.

Our school houses are being used in the evenings for social centers, where the people of the neighborhood may gather and become acquainted with each other. This only shows a wide recognition on the part of all that we cannot live without friends and that it is man's duty to know and help his fellowman.

Looking backward, we can see that it is man's belief in immortality that has made him struggle to develop himself and to help his fellowman. Take away the incentive of future reward for present trial and trouble and this life here would seem cold indeed. This hope of a future life has made mankind willing to forego the pleasures of the present in the hope that future reward will be theirs.

The golden sun rises in the morning and as it passes through the heavens, its rays supply the universe with light and heat. It affects all life and without the sun life would cease upon this planet. Just so in our very lives does the belief in immortality shape and mould our conduct. Not only does it influence our reverence for the Deity, but likewise our own self achievement and our service of fellowman.

If this belief of our soul's existence has been the guiding star of past generations, and if this belief in immortality has made mankind struggle onward and upward, as it has, can we accuse the divine power above of holding out a false hope for us; can we believe for one instant that the God of our fathers is selfish, and has permitted us to cherish a false hope for the future merely as a ruse or pretext to get us to work out his plan for this earth? The teachings of history and our own lives make us feel more keenly than ever that the God, whom we worship, is unselfish and has created the souls within us in his own image, that we may know an eternal life.

Although those in whose memory we are assembled this evening, are not present with us, yet we are surrounded on all sides with constant reminders of their having existed. The homes they erected now shelter us; the business enterprises they started we now continue; the laws they enacted, we enforce. A thousand things constantly make us remember the fact that in the midst of life we are in death and that we owe much to those now gone.

As we think today of those in whose memory we are gathered here it is the little acts of kindness; the little duties done that enshrined them in our hearts and lives. It is indeed only occasionally that great opportunities come. The lives of most of us are necessarily lived in the performance of the ordinary common place duties of life, as we journey along, from day to day. It is by the little friendly acts of kindness to our fellowmen that we are finding a place in their hearts, so that we will be remembered when gone. "He never is crowned with immortality."

Who fears to follow where airy voices lead.

And well may we follow the airy voices that have inspired our forefathers and now inspire us with the hope and belief that we shall join loved ones in the land to come.

Many writers and philosophers have likened the existence of man to that of a traveler, borne hither on a ship over some vast sea and after a short stay here, carried away again, out over the same unknown waters.

As we leave these exercises, may we be filled anew with the hope that when the final summons comes and it is our turn to embark on that great ocean for the land we know not where, may we be ready for the last voyage.

"Science and cosmic star,
And one clear call for me
And may there be no sadness of parting,
When I put out to sea.
But such a tide as moving seems
ascend.

Too full for sound and foam,
When that which drew from out the
groundless deep
Turns again home,
Twilight and evening bell,
And after that the dark
And no other he no sadness of farewell.

When I embark,
For from your bourne of Time
And place
I shall not see my pilot face to face
I have to cross the bar,
When I have crossed the bar,
When the condition of "Still, Still, With Thee" by the Apollo quartet, closing services by the lodge,

singing of the Doxology by the lodge and audience the services were brought to a close with the pronouncing of the benediction by Rev. Don D. Tullis.

The accompanist for the singers was Miss Mary Hentze, whose excellent playing materially aided in making the musical part of the program a decided success.

CRYING FOR HELP

Lots of It in Newark But Daily Growing Less.

The kidneys often cry for help. Not another organ in the whole body more delicately constructed.

Not one more important to health. The kidneys are the filters of the blood.

When they fail the blood becomes foul and poisonous.

There can be no health where there is poisoned blood.

Backache is one of the frequent indications of kidney trouble.

It is often the kidneys' cry for help. Heed it.

Read what Doan's Kidney Pills have done for overworked kidneys.

Read what Doan's have done for Newark people.

C. McGough, 164 W. Main St., Newark says: "I have had kidney trouble since I was a child and have suffered a great deal. Two years ago I used Doan's Kidney Pills and they made a cure. My back is now strong and my kidneys act properly. I enjoy the best of health."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. McGough had. Foster-McLure Co., Props., Buffalo, N. Y. 9

PREACHER TAKES RAP AT SEVERAL PREVALENT SINS

Last night at the Fifth Street Baptist church, Dr. Stull spoke on the subject: "A Business Career and Personal Honor." It was the first number of four interesting topics on "Present-Day Religion." A fine audience assembled and numerous comments were heard. The line of thought was presented under several heads, as to what is a business life, what ideal one should hold in taking up a business career, what kind of business one should engage in, and the different methods used today in business life. Our ideals taken from some things said, will indicate. The same change of attitude in society toward the Christian ministry, is seen also in the change of attitude in business men. Honesty is not merely the best policy, but in the long run pays the highest dividends. Ministers should keep themselves clear of all schemes to make money. The money or salary they get is merely incidental to the main purpose they have in life. Money or no money the true minister must preach, preach, even if he has to mend tents or cobble shoes to get a living. No business is right which enriches itself at the expense of others, gambling, liquor, prizes to get one's goods sold, were all rapped by the speaker. He declared that the offering of extra prizes, the giving away of pianos, diamond drinking silver spoons, in order to get rid of various things, was a means of fostering the gambling instinct. If you want breakfast food, buy it; but don't go around asking people to give you silver or tin spoons to get you to take it. If I wanted an automobile and a man offered to give me a farm to get me to take it, I would know at once it could not be a square deal. Patent drugs, too, were hit. One of the worst dangers is this thing of women taking all sorts of headache tablets, and later on dying of heart failure. It is one of the present-day marvels how eager people seem to put every fake into their stomachs. Tell the truth about your goods. Tell the facts which ought to be known.

Next Sunday night Dr. Stull will take up the second number: "The Wedding Ring and the Hearstone."

BAD BLOOD.

Hatred of the nations at war—for one another.

This European war was born of the hatred caused by earlier warfare—it will engender other wars between the same nations in the future. The song yet unborn will carry this hatred in their blood to blight into warfare when the spark is touched by Kings or Statesmen who are yet in infancy.

It's bad blood that makes your liver sluggish and the same bad blood causes your stomach muscles to lose their elasticity and become flabby and weak and that means indigestion.

Dr. Pierce's Golden Medical Discovery, purely vegetable and free from alcohol or narcotics, is not a secret remedy for all the ingredients are printed on wrapper.

Take it as directed, and it will search out impure and poisonous matter in the stomach, liver, bowels and kidneys and drive it from the system through the natural channels.

It will penetrate into the joints and muscles, and dissolve the poisonous accumulations. It will replace all the bad blood it drives out, with rich, pure blood full of vital force. It will furnish you with the kind of blood that increases energy and ambition, that puts the entire body in such perfect physical condition that brain or muscles know no fatigue.

It will clear the skin, cure pimples, rashes, blotches, dry up and clear away boils, carbuncles and other eruptions of tainted blood will pass away never to appear again.

Get Dr. Pierce's Golden Medical Discovery at any medicine dealer today, in either liquid or tablet form as you prefer. Use the one great blood maker and purifier that all weak or run down people ought to start to use at once. If you want good blood, good health and clear skin, get a supply today.

BALKAN STATES NEAR AGREEMENT

(ASSOCIATED PRESS TELEGRAM)
London, Dec. 7.—Progress has been made toward an understanding with the Balkan states, which will be satisfactory to the allies, according to the Athens correspondent of the Telegraph, who understands that a basis has been reached for a rapprochement between Serbia and Bulgaria.

The British, Russian and French ministers have visited Eleutherios Venizelos, the Greek minister, the report continues, and the Greek newspapers declare that the visits concerned proposals that Greece should assist Serbia.

Not Certain.
"What is this malady which has suddenly attacked the nations of Europe?"

"There is some doubt as to that. Some say it is the German germ, others that it is the Russian germ."—Christian Register.
